

Editor's Message

With the efforts of the Contributors, Peer Reviewer and Editorial Board, we have been an able to publish December 2023 issue. We have tried our level best to compete with the national and international standards. So that in the future we can apply for external recognition bodies.

We have issued three publications of POJ this year with intend to improve its quality so the HEC category can be raised. For this contribution with personal interest are needed by the Authors, Peer Reviewers and Editorial Board. Hopefully with this future intention to improve Pakistan Orthodontic Journal ranking. We will be able to succeed. Insha Allah.

Lots of prays,

Thanks and regards.
